L. A. AUSTIN, Postmaster.

Granville, Ohio, Dec. 16-The scene at the Granville, Ohio, postoffice of October 15, 1896, was duplicated early this morning when robbers dynamited the postoffice safe and stealing a horse and buggy, left the village, carrying away a large amount of plunder consisting of stamps and cash.

As Postmaster L. A. Austin declines to say the amount of the property that was stolen it is impossible to state the loss with accuracy, but it is known to

Mr. Austin says that all the registered letters save one, all of the postage stamps and a sum of money that belonged personally to the postmaster, together with \$15.90 that belonged to the money order fund that was in a compartment by itself, were stolen. Unquestionably the loss will run into several hundred dollars.

Ever since the Granville office was robbed in 1896 it has been the custom of the postmaster to keep nearly all of | the office stamps in the Granville fice and wired out the news of the robbank. Yesterday afternoon in going bery he called Postmaster J. M. Ickes for a supply of stamps for immediate use, Mr. Austin noticed that the sheets of stamps were sticking together and for that reason he took the entire bundle over to the postoffice to separate the sheets. By the time the work was finished the bank had closed for the noon it developed that three men who day so Mr. Austin put the sheets of have been working at Alexandria for stamps in the office safe for the night.

WORSE THAN THREATENING THE MONROE DOCTRINE.

Some of the London newspapers are speaking out pretty plainly against the high handed proceedings of England and Germany in forcing a conflict with Venezuela. The policy of some of these papers is to practically place the whole blame on the German emperor.

The London Daily News is one of these papers and in speaking of the outragious proceedings at La Guayra, it remarks:

"We are no longer masters of our own household. An itinerant, energet ic emperor has stolen our independence in the intervals of partridge shooting at Sandringham. We are accordingly involved in operations little removed from plracy."

It is significant that a leading English newspaper has the independence to characterize the proceedings against Venezuela as "little removed from piracy." At the same time while the London Daily News undertakes to lay the responsibility for it to the wiles of "an itinerant, energetic emperor," and while it is not improbable that the German Kaiser has had much to do with it, there are evidences that England has been a willing party to the outrageous transaction

The fact which the people of the United States have to note is that England and Germany have been acting together in this business, and from | the American point of view one of them is as much responsible as the

Allcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Allcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless.

Pneumonia Complications Subside and There is Now Hope of Mr. Hahn's Recovery.

Mrs. C. B. Hahn, and daughter, liss Fern Hahir returned from Co umbus Monday afternoon, where they had been at the bedside of the husband and father, C. B. Hahn, the train dispatcher, who was scalded in the wreck of B. & O. 103, last Thursday. Mrs Hahn said this morning that her husband's condition was very alarming Sunday night, and little hope was entertained for his recovery. During Monday, the pneumonia complications which involved both lungs subsided in a very satisfactory marner and his condition improved during Monday night to such an extent that, although still very serious, the attending physicians now have hopes that the injured telegrapher may recover.

WHISTLING POSTAL CARDS. German Novelty Caused a Hunt For Birds In Mail Bags.

The whistling postal card in the foreign mail department of the general postoffice at New York was much in evidence the other morning when the mail that came over in the Cunarder Campania was opened, says the New York Times. There were hundreds of the whistling variety in the mail, and Tile for probably an hour the univitiated postal clerks were busy trying to find canary birds, jay birds and in several cases crying babies that the sounds that filled the room led them to believe had crossed the Atlantic in mail bags.

The cards come from Germany and are about the same size as the regulation American cards. Where the message is to be written there are the pictures of two birds, one bird flying to the east and the other to the west. Between the birds the whistle, which is a very small affair, is ingeniously Let Us Estimate Your House All Complete. We inserted and emits its sound when the eard is grasped.

Miss Gannon, Sec'y Detroit Amateur Art Association, tells young women what to do to avoid pain and suffering caused by female troubles.

"DEAR MRS. PINKHAM:—I can conscientiously recommend Lydia E. Pinkham's Vegetable Compound to those of my sisters suffering with female weakness and the troubles which so often befall women. I suffered for months with general weakness, and felt so weary that I had hard work to keep up. I had shooting pains, and was utterly miserable. In my distress I was advised to use Lydia E. Pinkham's Vegetable Compound, and it was a red letter day to me when I took the first dose, for at that time my restoration began. In six weeks I was a changed woman, perfectly well in every respect. I felt so elated and happy that I wantall women who suffer to get well as I did."—MIBS GULLA GANNON, 359 Jones St., Detroit, Mich., Secretary Amateur Art Association.

It is clearly shown in this young lady's letter that Lydia E. Pinkham's Vegetable Compound will certainly cure the sufferings of women; and when one considers that Miss Gannon's letter is only one of the countless hundreds which we are continually

publishing in the newspapers of this country, the great virtue of Mrs. Pinkham's medicine must be admitted by all; and for the absolute cure of all kinds of female ills no substitute can possibly take its place. Women should bear this important fact in mind when they go into a drug store, and be sure not to accept anything that is claimed to be "just as good" as Lydia E. Pinkham's Vegetable Compound, for no other medicine for female ills has made so many actual cures.

How Another Young Sufferer Was Cured.

"DEAR MRS. PINKHAM: - I must write and tell you what your Vegetable Compound has done for me. I suffered terribly every month at time of men-struction, and was not able to work. Your medicine has cured me of

my trouble. I felt relieved after taking one bottle. I know of no medfeine as good as yours for female troubles." - Miss Edith Cross. 169 reet, Haverhill. Mass

Remember, Mrs. Pinkham's advice is free, and all sick women, are foolish if they do not ask for it. No other person has such vast experience, and has helped so many women. Write to-day.

FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.
